SUMMARY:

Enthusiastic BSSE student at the University of Karachi-UBIT with a strong passion for web development. Specializing in full-stack technologies, I am proficient in HTML, CSS, JavaScript, and TypeScript. I have hands-on experience with modern frameworks and libraries, including React and Next.js. Skilled in crafting responsive and visually appealing web interfaces using Tailwind CSS, I am committed to continuous learning, and staying abreast of the latest web development trends.

In addition to my web development expertise, I excel in chatbot development, leveraging my programming proficiency to create interactive and efficient conversational interfaces. My goal is to contribute to innovative projects and apply my technical skills to enhance user experiences in both web development and chatbot applications.
